

TED^x SBSC

x = independently organized TED event

ABOUT

TED^xSBSC
x = independently organized TED event

TEDxSBSC is a flagship event in the Delhi-NCR region that is an independently organised TED event. With the fifth edition of the event, we strive to unite the community of Shaheed Bhagat Singh College by harnessing the power of ideas. The entire event is organised by students, with the guidance and support of our faculty, who help us at every step of the way. Our goal is to showcase the most significant ideas in the University on a global platform. TEDxSBSC is dedicated to giving a platform to the brightest minds in the community, enabling them to share their stories and ideas with the world. We strongly believe that by learning from each other, we can bring about a positive change in our thinking, and only then can we grow together.

The aim of hosting the TEDxSBSC event is to provide a platform for the audience to learn, grow and take action. The talks will cover a wide range of topics, including educational ideas, innovations, societal issues, mental health and motivation. As the youth are the future and have the potential to bring about significant change, it is crucial to include subjects that are relevant and important to them. Through quality and powerful talks, the event seeks to inspire and guide the youth in the right direction. By listening to the best minds of our society and understanding various topics from different perspectives, the audience will have a wholesome experience that can help them to gain valuable insights and make a positive impact in the world.

THEME 6.0

2023 - 2024

TOGETHER TOWARDS TOMORROW : SIGNIFICANCE OF SUSTAINABLE REQUISITES

This theme aims to embark on an innovative journey as **'Together Towards Tomorrow : Significance of Sustainable Requisites'** unfolds the profound tapestry of our shared destiny, weaving threads of significance around the sustainable requisites that pave the way for a harmonious future. Delve into the chapters that illuminate the collective heartbeat driving us towards a tomorrow where eco-conscious choices intertwine with innovation, creating a narrative of hope and responsibility. Through this theme, we invite you to explore the symbiotic dance between humanity and the environment, echoing the call for a sustainable paradigm that propels us forward, hand in hand, towards a brighter and greener horizon.

UNLIMITED 4.0

2023 - 2024

CROSSROADS OF CONVERSATION

Unlimited Talks is an online series that aims to showcase diverse experiences and perspectives of individuals and communities. The series features interviews with different speakers, conducted by a member of TEDxSBSC. The episodes are available on Instagram TV (IGTV) and are designed to inspire individuals throughout the year via internet channels. This year included the fourth edition of this series. This year's lineup included Priyah Prakash Pawani, Major Prajakta Desai, Dr. Anjali Hooda etc. Each speaker brought their unique insights and experiences to the conversation, making the series a must-watch for anyone looking to broaden their horizons.

This year's theme, **Crossroads of Conversation**, underscored the importance of communication in bridging gaps, fostering understanding, and facilitating growth and collaboration among individuals from various backgrounds and viewpoints.
