

The **Journal of Business Studies** is a peer-reviewed, refereed journal of the Department of Commerce, Shaheed Bhagat Singh College (NAAC Accredited 'A' Grade College), University of Delhi. The Department has been publishing this journal for more than 35 years. In 2008, the journal obtained its International Standard Serial Number (ISSN: 0975-0150).

The journal aims to provide researchers with a major platform to study various business and management issues in the areas of finance, accounting, marketing, international business, economics, human resource management, and organizational behavior and human relations (OBHR). Work reflecting the interdisciplinary nature of commerce, business, and management—especially those exploring emerging horizons—is also considered relevant for publication.

The journal publishes research papers based on empirical work in the above-mentioned areas. However, in exceptional cases, articles based purely on original theoretical work are also considered for publication.

Papers and articles submitted by authors undergo a two-stage review process. The first stage involves a preliminary review by the Editorial Team of the college, comprising members with diverse interests and expertise. The second stage is a blind review conducted by eminent academicians and scholars from outside the college with relevant expertise in the respective fields.
